

Managemycareer.info:

Why Managemycareer.info? Twenty-five percent or 500,000 high school students taking the ACT each year are undecided or unsure of their college major and research has shown that approximately 60 percent of 2-year and 4-year college students change their major once or twice. Changing majors can add course requirements prolonging graduation.

According to census.gov, one-third of young adults 18 to 34 live under their parent's roof because of unemployment, a low paying job and college debt.

Pensions are disappearing and individuals are facing a changing work place due to artificial intelligence. This means many people will lose their jobs. This ever-changing workplace necessitates individuals to navigate their career pathway.

Managemycareer.info will help you navigate through your career, achieving success in your career and life. It offers:

- **Career Advancement**
- **Successful ACT Scores**
- **Objectives to prepare oneself for high school, college, and a successful professional life**
- **Selecting the right college**
- **Selecting the right objectives to graduate from college, on time, and become successfully employed.**
- **Tools to help one find the right job**
- **Assessments to determine one's leadership abilities**
